

California County Employees MPA Cohort

CSUSB.EDU/MPA

The Department of Public Administration at California State University, San Bernardino is excited to offer a California County employee cohort for California County employees and managers starting Fall 2021. Join us for an information session via zoom with the Public Administration Chair, Dr. Jonathan Anderson and MPA Director Dr. Alexandru Roman.

This special MPA cohort program will provide an opportunity for employees to engage in a practical leadership oriented program focusing on the foundational skills managers and executives need in order to be well-rounded and successful in today's county government. The MPA at CSUSB is nationally accredited, and the faculty are nationally prominent instructor-scholars. We will host information sessions where we will go over the program requirements and other related information.

Quick Facts
