Reflection as a Tool for Learning

- An important learning tool and a major component for CSUSB’s Service Learning Adventure is reflective time and activities. The reflective piece occurs through individual reflection time, group reflection and discussion time, journaling on the experiences of the day, group exercises or activities and blogging.
ITINERARY

- **Day 1**
  Meet at CSUSB SRWC at 800am, load vans and travel from CSUSB Rancho El Refugio just east of Ensenada Mexico. Along the way we will stop in Puerto Nuevo for lunch before continuing to the ranch. Once we arrive around 5pm we will receive and orientation to the camp, settling into our bunk house and have dinner.

- **Day 2**
  After breakfast we will spend the morning volunteering at the camp’s Puente de Vida school leading recreation and craft activities with the pre-school to middle school children. After lunch at the camp we will head to a local beach for some fun and relaxation. After enjoying the sand we head back to camp for dinner and some rest.

- **Day 3**
  Today we head out into the community of Ojos Negro's Oaxacan Indians for a full day of meaningful volunteer service. Project will vary depending on the community needs at the time. Come prepared to get dirty and work hard.
Day 4
The morning will be spent volunteering to help some local seniors are 2 sites in Ensenada. After a boxed lunch we will head to La Bufadora (ocean blowhole) for shopping, kayaking and dinner (not provided, bring money). We return to Rancho El Refugio for our final night and reflect back on what we experienced.

Day 5
After breakfast we pack up the vans and start the journey back to CSUSB. We plan to stop along the way and visit a local winery for a tour (no tastings) and lunch before crossing back into the USA.

Baja California state
Level 2: Exercise Increased Caution

- Exercise increased caution due to crime.
- Criminal activity and violence, including homicide, remain a primary concern throughout the state. While most of these homicides appeared to be targeted, criminal organization assassinations and turf battles between criminal groups have resulted in violent crime in areas frequented by U.S. citizens. Bystanders have been injured or killed in shooting incidents.
- Due to poor cellular service and hazardous road conditions, U.S. government employees may only travel on Highway 2D between Mexicali and Tijuana via “La Rumorosa” during daylight hours.
- There are no restrictions on travel for U.S. government employees in Baja California, which includes tourist areas in: Ensenada, Rosarito, and Tijuana.
Safety and Security

- Tourist and travelers are target for crime “anywhere in the world”
- No expensive jeweler/watches
- Do not leave valuable unattended in bars, café’s, airports, and restaurants
- Purse snatching, pick-pocketing
- (Beware of your over-friendly strangers)
- Travel has inherent risk of injuries or death. As a trip participant, you are responsible for your safety
- Valuables left in the van are not safe
- CSUSB is not responsible for lost or stolen items
- Follow the directions of the leaders
- Buddy system (4)... always tell a leader were you go
