

Department of Kinesiology Criteria for Admission to the Allied Health Professions

The concentration in Allied Health Professions (AHP) is for people interested in eventual graduate education in allied health professions (e.g., physical therapy, occupational therapy, physician's assistant, medical or dental school) after graduation from CSUSB. CSUSB Kinesiology AHP students will engage in a rigorous course of study in Kinesiology, Biology, Chemistry, and Physics. This concentration offers undergraduate students essential pre-requisite courses for eventual graduate study in a preferred AHP. Students are strongly encouraged to review admission requirements at accredited universities to which they may apply for specific allied health professional graduate programs. Twelve units in the AHP concentration meets the requirements for GE and major. Note: AHP concentration is the only Kinesiology concentration that is impacted at this time. Students must request to transfer into the program once meeting the admission requirements

Minimum Admission Requirements for AHP Candidates:
