

Accepted CSUSB Courses for MSPA Program Admissions

Course Title	Prerequisite
Microbiology	BIO 2200 or 3200
Human Anatomy and Physiology I	BIO 2230 or BIO 4630
Human Anatomy and Physiology II	BIO 2240 or BIO 4640
Additional Biological Science (minimum of 3 semester hours or 4 quarter hours)	
• Genetics	BIO 3050 or 3300
• Cell Biology	BIO 3100
• Molecular Biology	BIO 3120
• Immunology	BIO 5370
Chemistry with lab (minimum of 3 semester hours or 5 quarter hours)	
• General Chemistry I	CHEM 2100 + CHEM 2100L
• General Chemistry II	CHEM 2200 + CHEM 2200L
• Inorganic Chemistry	CHEM 4300
Additional Chemistry (minimum of 3 semester hours or 4 quarter hours) Lab not required but highly recommended	
• Organic Chemistry for Life Sciences	CHEM 2300
• Organic Chemistry I	CHEM 2400
• Principles of Organic Chemistry I	CHEM 3400
• Biochemistry	CHEM 4100
Statistics (minimum of 3 semester hours or 4 quarter hours) Lab not required but recommended	
• Statistics	MATH 1201, KINE 3700, HSCI 2203, HSCI 3205, or PSYC 2210

Pre-matriculation Course Requirement

The following course is a pre-matriculation course requirement (not a prerequisite), which can be completed before or after application to the program.	
• Medical Terminology	KINE 2200

Recommended Coursework

Courses listed as “recommended” will not be reviewed as part of the admissions process. Therefore, completion of these courses will not increase or decrease an applicant’s likelihood of admission. These courses are recommended to prepare applicants and enhance the learning experience of future CSUSB MSPA program students.	
• Introduction to Psychology	PSYC 1100
• Health Psychology	PSYC 3318
