Supplemental Questions

Question #1 (Required): Name or describe the qualities that make you a great candidate for the position you are applying for. Include any relevant experience, previous roles, etc.

I believe I am a great candidate for this position because I have gained a variety of skills through leadership positions. I am a College Corps Fellow and have recently been selected as Media Chair. It has given me a new level of confidence while serving my community. Through this program I have had the opportunity to work one on one with students, building new connections and practice my public speaking. Being a representative would allow me to engage with other students in my community.

Question #2 (Required): How will you be able to balance this position with your other

responsibilities? (including coursework)?

I have in person and online courses, so I have been constantly scheduling to manage my time. I enjoy structuring my time to plan accordingly. I have created a schedule that stays on my lock screen to remind me of where I have to be to stay organized. I would apply the same structure with the responsibilities I have along with this position.

Question #3 (Optional): What do you believe are the most pressing issues students are facing currently?

I believe the most pressing issues students are facing currently are the challenges the current administration has been bringing to our education. I have friends who are in fear of deportation and are feeling the need to stay in their dorms to avoid putting themselves at risk. Many students, myself included, are terrified of the thought ICE can walk into our campus and remove students from a space we feel so safe in. Many students also had concerns about financial aid being on a halt after the administration was planning on putting a pause on selected federal funds. A lot of us are able to get the support and help we need because of federally funded programs available on campus. Students have been feeling uneasy about how secure their futures are, especially those who are pursuing a career in education.
