#### SMSU Executive Director BOD Report 3/13/24

#### **Board of Directors Report**

#### First Year Experience:

We have been actively collaborating with various campus entities, including OSLE, ASI, the SMSU D & I Team, the SMSU Student Success Team, and the SMSU RecWell team to develop intentional first-year programs for both freshmen and transfer students. Our efforts have resulted in the planning of five upcoming events: a Black and Brown Transfer Mixer, Resource Round Up, Family Fair and Movie Screening, First-Year Fit, and a First-Year Mentoring Mixer.

#### Orientation:

In close coordination with the Vice President of Student Affairs Office, we are finalizing plans for the second day of New Student Orientation. We are exploring the possibility of incorporating conference-style sessions, allowing students to select and attend presentations on resources that are most relevant to them. Additionally, we are seeking ways to integrate student voices into these presentations, ensuring that students receive vital information from their peers.

#### DEI Programming Subcommittee:

The DEI Programming Subcommittee has completed the review of all funding applications and has forwarded notifications to the award winners. We are pleased to announce that \$10,000 in programmatic funds will be distributed. During our next meeting, we will allocate an additional \$5,000 due to a change in our speaker lineup. We welcome feedback on initiatives that students consider important.

#### Cosmic Coyote:

Despite encountering technical difficulties with our blacklights before the event, Cosmic Coyote was a resounding success. We have prioritized addressing this issue with our operations team to prevent similar challenges in future events.

#### PDC Building Project:

We participated in the PDC building project and are excited to see our space come together. Following a student forum, there is strong interest in having a Recreational Facility on campus.

#### Budgeting:

Maria and I have been diligently working on the 2024-2025 budget. Unfortunately, the rise in minimum wages and increased electrical costs has limited our operational capacity, impacting our ability to allocate funds to programmatic areas as desired.

#### ASUA Collaboration:

We recently met with the Dean of ASUA to explore opportunities for collaboration. One consideration is to bring advisors and tutors to the 3rd floor of Student Union North during lunch hours, aiming to enhance accessibility for our most marginalized communities.

Chancellor's Office Information Request:

We have submitted an information request to the Chancellor's office. This request is intended to assess risk and may lead to an audit.

## JEDI MARCH 13<sup>th</sup> BOD REPORT – (Prepared 3/3/2024 by Doctora Lorena)

#### **Operations Department Board Report**

#### **Information Technology**

The Information Technology Coordinator setup several staff members and student assistants with new replacement computers and laptops and the IT team continues to roll out systems as part of the repair and replacement cycle. The IT Coordinator also fixed several offline digital signage displays in SMSU North and setup a display in the Scheduling Office that lists all of the events each day in both SMSU North and South. The IT student assistant has been re-hired and has been busy running OS and application updates on event PCs as well as imaging systems in preparation for deployment. The IT Coordinator also submitted a VETI proposal on behalf of the esports arena and the esports team is busy doing final preparations for the annual Coyote Con tournament and gaming festival, which will take place on March 16<sup>th</sup>. In addition the esports arena in partnership with the QTRC hosted the first ever Gamer Girl event which had an amazing turnout and we have plans to continue creating programming for the under-represented demographic of women with interests in gaming.

#### **Maintenance Department**

For the month of February the Maintenance Specialist has been introduced and trained on a new application to receive a new work order forms that the operations team will be using. These work order forms have consisted on the following. For the API center, he has installed a new window film in the director's office. In the DSA, lights and ceiling tiles have been removed and replaced with new ceiling tiles and new LED lights have been installed. He has removed a receptacle outlet and replaced it with a new higher advanced outlet. The Maintenance Specialist has been working with the Graduate Student Success Center by removing old iPad tablets mounted on the wall, patching the holes and painting. He also removed a eight foot glass white board and reinstalled it in the neighboring office. He patch holes and painted where whited board existed. He removed a neon sign with an ivy backdrop from one wall to another and reran the wiring for a clean look. The Maintenance Specialist was on a constant water leak inspection from the rain we have had trying to find where the leaks are coming from and replacing more ceiling tiles.

In addition he still maintains the Coyote Lanes by doing preventative maintenance to the pinspotter machines and conditioning and oiling the lanes.

#### **Scheduling Department**

The Scheduling Department has hired our third student employee who is going through training with both the coordinator and the lead student. Lexi our lead student, has been attending the Student Leadership meetings when her schedule permits, and has been giving great feedback for

our perspective. Spring has brought several new events including Mucha Lucha, Tattoo Expo, and a Car Maintenance Workshop. The team has been hard at work keeping up with all the reservations across two buildings and an outdoor space, we have been noticing a need for an additional process server/ operations assistant to assist with clerical administration and processing duties. We hosted a total of 75 events for the month of February, which some of the signature events like Alumni Hall of Fame, CSU Symposium, Natural Hair Day, Pioneer Breakfast,

#### **Facilities and Services Department**

The Facilities and Services Coordinator has interviewed a candidate to be additional support to the Coyote Lanes Team. The FSC has also been working alongside the scheduling coordinator to ensure that the flow of bowling alley reservations is adequately monitored and scheduled efficiently. The FSC has conducted emergency and preparedness drills with the building managers to ensure that their first aid skills are kept fresh. The FSC ensured that the most notable events, such as Cosmic Coyote and the State of the Women's Address, were conducted efficiently and without incident. The FSC has also been enrolled in an Emergency Management and Preparedness course to provide optimal safety measures for the facility. Lastly, the FSC has been working to improve the quality of lighting fixtures above the bowling alley to improve the overall atmosphere for events such as Cosmic Coyote.

#### Audio Visual and Event Operations

The student union AV department has been busy with events. On top of the AV department has done inventory on all the equipment in both buildings. The lighting in Conference Center was repaired. The fixed nodes were reinstalled and discovered in the system. Also the AV department did some spot lighting in the event center. Speaker wire was ran, a RCA splitter to 3.5mm jack, and a receiver was installed in basic needs. Ongoing bootcamp meetings were attended. Extron NAV training started. Inventory of equipment was done. Also inventory of furniture in North and South buildings was taken.

### SMSU BOARD OF DIRECTORS REPORT: February SMSU & RecWell Marketing Department

- Kimberly Anacleto, the Creative Specialist for SMSU/Recwell marketing, has found a new position and had her last day on campus with us on February 16<sup>th</sup>. Daniel Viayara will be acting as a temporary hire for this position until the search is complete.
- A search committee has already been put together for the Creative Specialist position. First round interviews have already been completed and a candidate is expected to be chosen by mid-March.
- SMSU Recwell Marketing has completed 65 work orders for the Spring Semester so far. Spring work orders continue to be completed, although timelines have been adjusted for some projects to account for the transition and onboarding of the Creative Specialist position.
- SMSU/Recwell Marketing continues to focus on tabling, digital advertisement, and large-scale campaigns for our signature events. Outside of regular twice weekly tabling, SMSU/Recwell Marketing has participated in February tabling opportunities including the DSA Roadshow, Spirit Days, and weekly tabling.

#### Assessment, Research, and Training

Currently we are working on two main assessment projects, including the SMSU South Vacancy survey and our student employee recognition assessment. The SMSU South Vacancy survey is slated to be sent out to our student body beginning Tuesday, March 5<sup>th</sup> during Coyote Hour and will run until Friday, March 29<sup>th</sup> with the goal of collecting responses prior to Spring Break and analyzing the results in April. Our Student Employee Recognition assessment is aimed at increasing our understanding of how our student employees want to be recognized and celebrated for their efforts and tailoring an employee recognition program that meets their requests. In addition, we are in the process of planning our annual Full-Time Staff Outing which is an opportunity for our staff to connect and celebrate the accomplishments for the year. Lastly, we are reviewing our annual SMSU/RecWell Student Employee Assessment survey questions that will be sent to our students in the final weeks of April. This survey measures our student employee satisfaction rates alongside measuring the transferable skills they learned during their employee Program year-to-year.

Student Union South Metal Roof Repair Date: March 5, 2024 Santos Manuel Student Union Board of Directors Proposed By: Anthony Roberson, Associate Director Operations

#### **Background:**

The metal roof of the SMSU South facility has served us well over the years, providing protection against the elements and contributing to the overall structural integrity of the facility. However, routine inspections have revealed signs of wear and tear, necessitating immediate attention to prevent further damage.

#### Proposal:

The proposed repair project includes a comprehensive assessment and subsequent restoration of the metal roof. This will involve: Remove 9 roof panels and Cricket, wall panels also may be necessary to determine action to make watertight.

Install new underlayment, reinstall roof panels, install new Cricket using 24-gauge material, and reinstall wall panels and flashing.

#### **Rationale:**

This rationale outlines the necessity and benefits of undertaking a metal roof repair project;

- Safety Concerns: The paramount concern when addressing the repair of the metal is the safety of all individuals utilizing the SMSU South. Leaks and compromised structural elements pose a risk to the well-being of our students, staff, and visitors. Addressing these issues promptly is crucial to mitigate potential safety hazards and ensure the continued use of the facility without compromise.
- Long-Term Cost Savings: Proactive metal roof repair is an investment in the long-term sustainability of the SMSU South. By addressing the current issues promptly, we prevent further deterioration that could lead to more extensive damage and costly repairs in the future. Timely intervention not only ensures the safety of occupants but also contributes to significant cost savings over the life cycle of the building.
- **Preservation of Facility Value:** The Santos Manuel Student Union plays a pivotal role in fostering community engagement, providing a space for student organizations, events, and social activities. A structurally sound and well-maintained facility enhances the overall experience of students and contributes to a positive campus atmosphere. By addressing the metal roof issues, we are investing in the quality of student life and reinforcing our commitment to providing a conducive environment for learning and community building.

#### **Budget Impact:**

The estimated budget for this project is **\$14,886.00**, inclusive of all materials, labor, and contingency costs. A detailed breakdown of the budget is attached herewith

#### Timeline:

Upon approval, the project is expected to commence on March 26<sup>th</sup>, and conclude by April 12<sup>th</sup>. The timeline has been carefully structured to minimize disruptions to the daily activities of the SMSU South facility.

SM Fiber Cable Pull Project Student Union North to Student South Date: March 7, 2024 Santos Manuel Student Union Board of Directors Proposed By: Anthony Roberson, Associate Director, Operations

#### **Background:**

The SMSU serves as a central hub for student activities, events, and key stakeholders. As we witness a growing demand for advanced technological capabilities within our facility, it becomes imperative to upgrade our network infrastructure. The proposed fiber cable pull will lay the foundation for a robust and high-speed internet connection, ensuring that our students, staff, and visitors have access to reliable and efficient digital services.

#### Proposal:

The fiber cable pull project encompasses the following key components:

- Site Assessment: Engaging with professional network infrastructure experts to conduct a thorough assessment of the current state of our network and the feasibility of fiber optic installation.
- Installation of Fiber Cables: Hiring a reputable contractor with expertise in fiber optic installations to pull and install the necessary cables throughout the SMSU.
- **Connection Points and Networking Equipment:** Establishing strategic connection points and installing networking equipment to optimize the utilization of the fiber optic network.
- **Testing and Quality Assurance:** Conducting rigorous testing of the installed fiber optic cables to verify optimal performance.

#### Rationale:

This rationale outlines the imperative need and comprehensive benefits of this proposed fiber cable pull project:

• **Current Technological Landscape:** The technological landscape on our campus has evolved significantly over the years, with an increasing reliance on digital platforms, online events, and collaborative technologies. The existing network infrastructure within the Santos Manuel Student Union may not be adequately equipped to meet the growing demands for high-speed and reliable connectivity.

- **High-Speed Connectivity:** The primary objective of the fiber cable pull project is to establish a high-speed and robust internet connection within SMSU South. Fiber optic cables, known for their unparalleled data transfer capabilities, will elevate the connectivity experience for all users. This is particularly crucial as we witness a surge in virtual events, live streaming, and other data-intensive activities hosted within the SMSU.
- **Reliability and Efficiency:** Fiber optic networks offer superior reliability and efficiency compared to traditional copper-based networks. With lower latency and minimal signal degradation over long distances, users within the SMSU will experience a seamless and uninterrupted online experience.
- **Support for Emerging Technologies:** The implementation of a fiber optic networks positions the SMSU to support current and emerging technologies.

#### **Budget Impact:**

The estimated budget for this fiber cable pull project is **\$ 13, 217.06,** covering all aspects of the installation, including materials, labor, testing, and quality assurance. A detailed breakdown of the budget is attached herewith.

#### Timeline:

Pending approval, the project is slated to commence on March 25, 2024 and conclude by March 29, 2024. This timeline is carefully crafted to minimize disruptions to the regular activities and events hosted within the SMSU.

## 2024-25 Recreation & Wellness Rates Proposal

February 27,2024

#### Santos Manuel Student Union Board of Directors

Proposed by: Elmer Gutierrez, Recreation & Wellness Committee Chair and Vilayat Del Rossi, Director, Recreation & Wellness Department

## **Background:**

The Recreation & Wellness Department (RW) provides a variety of diverse and innovative recreation and well-being related programs, services, activities, and facilities. Many of the programs, services, activities, and facilities are provided to enrolled students at no additional cost. However, some items (eg-outdoor rental equipment, personal training, etc.) are provided to enrolled students at a nominal rate. These rates are also assessed to campus faculty/staff and off-campus entities, at a higher rate than the student rate.

## **Proposal**

This proposal is to request adjustments to our current rates. This year's revised rate recommendations are for rates that have not been revised for at least two years. All proposed adjusted rates are highlighted with a strikethrough and the new rate next to it.

### Rationale

The following rationale is provided in support of these rate adjustments:

- To ensure that the department adjusts rates to keep pace with inflation, and minimum wage increases. Staffing rates increased minimally, and other rates increased 10-15% pending the intended population (eg student, associate, affiliate, non-profit, community).
- It provides a commitment to small incremental price increases to our campus community, while adjusting for off-campus entities while still being very competitive in the market.
- Recommended rate revisions this year are as follows: *Facility Rental & Staffing Rates, Aquatic Program Rates and Leadership Challenge Center Rates*
- There are also rate removals for the following: Karate Uniform Rental

## **Budget Impact**

Based on current utilization rates, the total fiscal impact of these rate adjustments will result in an approximate increase of annual gross revenue of \$5-10,000, which is also offset by increased expenses (eg inflation, wages, utilities, etc.).

## <u>Timeline</u>

Upon approval, all rates will be effective May 20<sup>th</sup>, 2024.

#### Intended Use

The ICDFR has launched a resource center to serve the needs of student-parents. The goal is to increase student success rates, reduce time to graduation, and support the health and well-being of student parents at CSUSB. The working mission of the SPRC is described below, as are some highlights from recently collected student data illustrating the need for this new resource. Though currently operating out of the main office of the ICDFR, the space available in the SMSU South would serve as a centralized location where student parents could gather, study, and gain access to resources serving their parental and academic needs. Specifically, the SPRC would provide student-parents at CSUSB with access to basic parenting supplies (e.g., diapers, wipes, sanitizer, etc.), educational books and toys (giveaways and exchanges), and a clothing exchange. The location also includes space to facilitate interactions and provide social support among student-parents, and access to parenting related resources offered by the ICDFR (e.g., Parent education classes) and across campus. We believe the space formally occupied by the Coyote Market would be an ideal location for the SPRC because it is highly visible and easily accessible to student-parents.

## SANTOS MANUEL STUDENT UNION OF CALIFORNIA STATE UNIVERSITY, SAN BERNARDINO

# FACILITY SUBLEASE

This Facilities Sublease ("Sublease") is made and entered into this 1<sup>st</sup> day of July, 2023, between the Santos Manuel Student Union of California State University, San Bernardino, hereinafter called "Auxiliary", and California State University, San Bernardino Parent Resource Center, hereinafter called "Lessee".

WHEREAS, Auxiliary entered into a Lease on September 1, 2017 with the Trustees of The California State University, a copy of which is attached hereto as Exhibit A, and

WHEREAS, said Lease authorizes the President of California State University, San Bernardino, or designee, to approve a Sublease for any portion of the leased premises, and

WHEREAS, the President of California State University, San Bernardino, or designee, acknowledges his approval of this Sublease.

WHEREAS, the continuance of the term of this Sublease past the current term of the Master Agreement is contingent on the renewal of the Master Agreement.

NOW, THEREFORE, Auxiliary and Lessee hereby agree as follows.

1. <u>Premise.</u> Auxiliary hereby subleases to Lessee the following property:

In the Santos Manuel Student Union South, the Lessee shall have exclusive use of one space on the FIRST floor, Room \_\_\_\_\_, totaling 1,038.50 square feet. The spaces are outlined in red on the attached floor plan, which is attached hereto as Exhibit B.

- 2. <u>Term.</u> The term of this Sublease shall be from July 1, 2023 until June 30, 2024 unless sooner terminated as herein provided.
- 3. <u>Rent.</u> Lessee shall pay rent at the monthly rate of \$1,038.50 (\$1.00 per square foot) payable quarterly in arrears. Auxiliary reserves the right to re-evaluate the rental rate thirty (30) days prior to the August 1 of each year of the term for the balance of the term of the Sublease. Parties shall negotiate in good faith any rent adjustment.
- 4. <u>Services.</u> Auxiliary agrees to provide the following to Lessee:
  - a. Utility and custodial services at the monthly rate of \$563.91 (\$0.543 per square foot) payable quarterly in arrears. Auxiliary reserves the right to re-evaluate utility and custodial charges in January of each year to ensure that direct costs have been equitably assessed.
  - b. Lessee shall pay for its telephone service directly to the University.

- 5. <u>Subletting.</u> Lessee shall not assign nor sublet this Sublease without prior written approval of Auxiliary.
- 6. <u>Quite Use and Enjoyment.</u> Auxiliary reserves the right to enter and inspect the leased premises at reasonable times, and to render services and make any necessary repairs to the premises.
- 7. <u>Indemnification</u>. This Sublease is made upon the express condition that Auxiliary, California State University, San Bernardino, the Trustees of the California State University, the state of California and their officers, agents, representatives, volunteers and employees are indemnified from any liability and claims for damages by reason of any injury to any person or persons, including Lessee, or property of any kind whatsoever and to whomsoever belonging including Lessee, from any cause or causes whatsoever in any way arising out of Lessee's business activity or use of the premises under this Sublease or any extension thereof. Lessee agrees to indemnify and hold harmless Auxiliary, California State University, San Bernardino, Trustees of the California State University, the state of California and their officers, agents, representatives, volunteers and employees from any and all loss, damage, or liability that may be suffered or incurred which arises out of or is in any way connected with the use of the premises herein described, by Lessee.
- 8. <u>Alterations.</u> Lessee agrees to make no alterations to the premises, including, but not limited to, all modifications and permanent fixtures, without the prior written approval of Auxiliary.
- 9. <u>Compliance with Laws.</u> Lessee shall not violate nor allow to be violated any federal, state, or local law, or rule of the Trustees or of the campus.
- 10. <u>Holdover Tenant.</u> Should Lessee occupy the premises after the date of expiration of this Sublease, and the Auxiliary agrees to the continuation of occupancy in writing, such tenancy shall be on a month-to-month basis subject to the terms and conditions of this Sublease and any rent increase Auxiliary may assert at the end of the Sublease.
- 11. <u>Compliance</u>. Lessee agrees to comply with all the terms of the Sublease and Lease insofar as they are applicable to Lessee.
- 12. <u>Premise Restoration</u>. Upon termination or expiration of this Sublease, Lessee, at its own expense and risk, shall restore the premises as nearly as possible to the condition existing prior to the execution of this Sublease subject to normal wear and tear of occupancy of the premises.

Lessee shall exercise care in the use of Auxiliary facilities and shall comply with guidelines to reduce excessive wear or damage. Lessee agrees to keep the facilities in a clean and orderly condition and to remove all waste material at the conclusion of this Sublease.

- 13. <u>Amendments. Entire Sublease, and Severability.</u> This Facility Sublease constitutes the entire Sublease between the parties with respect to the subject matter hereof. This Facilities Sublease may not be modified or amended except in writing signed by both parties. Should any provision of this Facilities Sublease be invalid, illegal, or unenforceable in any respect, such provision will not affect the validity and enforceability of any other part of this Facilities Sublease.
- 14. <u>Common Area Use.</u> Lessee recognizes that its use may coincide with other uses of Auxiliary property, and agrees that it will so organize its use and activities to cause as little disruption as possible to such uses of the Auxiliary buildings and equipment.
- 15. <u>Insurance.</u> Lessee shall maintain a copy of policies of comprehensive general liability insurance. Said insurance minimum limits recommended shall be no less than \$1,000,000 overall, which shall include, but not limited to, bodily injury, property damage, and umbrella clause The insurance policy shall contain or be endorsed to contain the following provisions: For the general liability policy the Trustees of the California State University, the Santos Manuel Student Union of California State University, San Bernardino, California State University, San Bernardino and the state of California their officers, employees, representatives, volunteers and agents shall be covered as additional insureds.
- 16. <u>Termination</u>. This Sublease may be terminated upon any of the following occurrences:
  - a. By either party giving thirty (30) days written notice to the other party.
  - b. Upon expiration of the Sublease term as set forth in section 2.
  - c. Upon breach of any substantial provision of this Sublease.
  - d. Upon termination of the Sublease and Lease by the Trustees of The California State University for administrative necessity or for any other reason which gives the Trustees the right to terminate the Sublease and Lease under the terms of that document.
- 17. <u>Governing Law.</u> This Facilities Sublease will be governed by and construed in accordance with the laws of the State of California without giving effect to the principles of conflict of laws. The parties irrevocably and unconditionally consent to submit to the exclusive jurisdiction of the courts of the State of California and of the United States of America located in the State of California for any actions, suits or proceedings arising out of or related to this Sublease. This Sublease is deemed by the parties to have been executed and delivered in San Bernardino, California.
- 18. <u>Dispute Resolution.</u> If a dispute should arise between the Parties with respect to the obligations hereunder or the interpretation of this Facilities Sublease, prior to the commencement of any legal action, the Parties agree to meet and confer in good faith on all matters of common interest on all controversies, claims or disputes ("Dispute") which materially affect the performance of either Party under this Facilities Sublease. Promptly after a Dispute is recognized by either Party, such Party may communicate the substance of the Dispute to the other Party's primary contact. Once a Dispute has been raised, the

primary contacts shall make all reasonable efforts to reach a resolution within two (2) weeks after the Dispute has been identified. If the Dispute is not resolved between the Parties' respective primary contacts, then the Parties shall submit such matters to their respective executive management, who shall make all reasonable efforts to reach a resolution within thirty (30) days after the Dispute has been referred to them. The foregoing, however, shall not prevent or limit either Party's right to apply to a court of competent jurisdiction for a temporary restraining order, preliminary or permanent injunction, or other similar equitable relief.

- 19. <u>Attorney's Fees.</u> If either party incurs legal fees or litigation expenses, whether or not an action is instituted, to enforce the terms of this Sublease or to recover damages or injunctive relief for breach of this Sublease, it is agreed that the successful or prevailing party will be entitled to reasonable attorney's fees, litigation expenses, expert witness fees and other costs in addition to any other relief to which it may be entitled.
- 20. <u>Notices.</u> All notices herein to be given, or which may be given by either party to the other, shall be deemed to have been fully given when made in writing and deposited in the U.S. mail, certified and postage prepaid, and addressed as follows:

<u>To the LESSEE:</u> California State University, San Bernardino Parent Resource Center 5500 University Parkway San Bernardino, CA 92407

<u>To the AUXILIARY:</u> Santos Manuel Student Union of California State University, San Bernardino 5500 University Parkway San Bernardino, CA 92407

Nothing herein contained shall preclude the given of such written notice by personal service.

- 21. <u>Damage to Premises.</u> If the lease premises are damaged by fire, earthquake, accident, or other casualty, Auxiliary shall have the right to restore the Premises by repair or rebuilding. If Auxiliary chooses not to restore the Premises by repair or rebuilding, and such damage renders more than 10% of the floor space unusable for the purposes intended, this Sublease shall terminate.
- 22. <u>Hazardous Materials.</u> Lessee shall not use, store, generate, release or dispose of any hazardous material on the Premises are part. However, Lessee is permitted to make use of such materials that are required to be used in the normal course of Lessee's operations provided that Lessee complies with all applicable Laws related to the hazardous materials. Lessee is responsible for the cost of removal and remediation, or any clean-up of any contamination caused by Lessee.

IN WITNESS HEREOF, the parties hereto execute this Sublease on the above date.
