				Music Elective			3	
				Free Elective			3	
Semester Total			14	Semester Total			15	
MUS 5754: Internship (2 semesters, 3 units each)		MUS 4700 (4 units)	8	Degree Units Total				67

* This roadmap assumes that the student enters with an AA in Music and that they have already taken PSYC 1100: Intro to Psych (GE area 4) and BIO 1000/1000L (GE 5B and 5C) as lower-level general education courses. Junior Year transfers should be able to play functional guitar and piano, and have the ability to sing. Students may test out of MUS 2050, MUS 2060, and MUS 2230.

* MUS 4700 is the pre-internship clinical training course. Students are required to take the course a total of 4 times. In all they should accumulate at least 180 hours of supervised clinical time, or 45 hours a semester. Students must complete all four semesters before beginning their Internship (MUS 5754)

** The Internship in Music Therapy occurs after the student has completed all other Music Therapy courses, including all four MUS 4700 semesters. This creates a 4+internship degree.
