Supplemental Questions

Question #1: Name or describe the qualities that make you a great candidate for the committee you are applying for. Include any relevant experience, previous roles, etc.

I believe I would be a great candidate for the ASI committee because I bring previous student government experience, strong leadership skills, and a genuine commitment to advocating for students. During my time at College of the Desert, I served as the Vice President of the Associated Students of College of the Desert (ASCOD) and as Chair of the Inter-Club Council (ICC). In these roles, I worked closely with students, clubs, campus departments, and administrators to address student concerns, organize events, and help create opportunities for students to become more involved on campus.

My experience has taught me how important it is to listen to different perspectives, communicate effectively, work as part of a team, and make decisions with the broader student body in mind. I have also been involved in programs focused on basic needs, student resources, and supporting students who may not always know where to turn for help.

As I begin my journey at CSUSB Palm Desert, I want to continue being an active member of my campus community and bring the experience I gained in student government to ASI. I believe my leadership experience, willingness to collaborate, and passion for helping students would allow me to contribute positively to the committee while also continuing to grow as a student leader.

Question #2: Why are you interested in being involved with ASI and what do you hope to get out of this opportunity?

I am interested in being involved with ASI because I want to continue being an active voice for students and contribute to creating a stronger sense of community at the Palm Desert Campus. My previous experience in student government showed me how meaningful it can be when students have representatives who are willing to listen to their concerns, communicate their needs, and work with campus leaders to create positive change.

As a newer student at CSUSB, I also see this opportunity as a way to become more connected with the Palm Desert Campus and better understand the needs of its students. I hope to bring my previous leadership experience to ASI while also learning from other student leaders, staff, and administrators.

Through this opportunity, I hope to grow as a leader, strengthen my communication and advocacy skills, and gain a deeper understanding of how decisions are made at CSUSB. Most importantly, I want to use what I learn to help students feel represented, supported, and more connected to the resources and opportunities available to them.

Supplemental Questions

Question #1: Name or describe the qualities that make you a great candidate for the committee you are applying for. Include any relevant experience, previous roles, etc.

I was part of the advisory committee last semester. I had a great time talking to the other members, coming up with ideas to get students more involved. I even received an award from the advisory committee. I am still learning, but I plan on using my past experiences to contribute to the ASI community.

Question #2: Why are you interested in being involved with ASI and what do you hope to get out of this opportunity?

I have been part of the student government since I graduated from College of the Desert, "ASCOT," and was then asked by the past vice president to apply to the ASI committee. I hope to keep building upon these experiences in a school setting to then transfer those skills back to our local government.
