*I am a transfer student from Victor Valley College who just recently graduated with an associates in Business Administration, finishing with a 3.9 GPA. On top of this license, I would like to start studying for the Certified Public Accountant Exam after graduation so I can have more doors open within this profession.

Question #2: Why are you interested in being involved with ASI and what do you hope to get out of this opportunity?

*I was interested in joining ASI because I hope to get hands-on experience with subjects related to finance and build connections with people who know more about jobs related to accounting or finance. I want to be a learner who takes advice from those who have more experience and tries to provide as much value where I see fit. Additionally, since I am now in the second half of getting my bachelor's degree, I want to start building my resume in order so I can find more opportunities for jobs once I get closer to graduation.

Supplemental Questions

Question #1: Name or describe the qualities that make you a great candidate for the committee you are applying for. Include any relevant experience, previous roles, etc.

As of this term, I'm a senior at CSUSB, finishing my B.S. in Public Administration with a concentration in Finance. Alongside my time at school, I've been gaining real-world experience in finance both in and out of class. I'm a part of Phi Kappa Phi and the CSUSB Investment Management Club; this has kept me well-versed in market trends and fundamentals of investing.

Outside of CSUSB, I hold a position at Coach Outlet as sales support and visual merchandiser. These roles have taught me to stay organized, manage multiple tasks, and work with strict deadlines. Within this job, I'm able to use both English and Spanish to communicate with guests effectively. Although on paper I'm sales support, in reality I'm able to contribute to every department if needed. In a typical shift, I'm involved with transactions in-person and over the phone more than half of my shift.

Not only am I detail-oriented, but I understand the importance of working in groups and being a team player. In Spring 2026, I created and led a student-created group named Coyotes: On The Hunt. This group was formed to bring awareness towards the coexistence of the coyote population near and around CSUSB and effected communities. This taught me not to be self-centered and to clearly understand the different stages of organized student-led groups.

With that being said, a skill gained by being enrolled in CSUSB is time management. Since 2023, I've been holding a part-time job of 30 hours a week and maintaining a GPA of around 3.85. Not only did I work hard for my grades, but I've also been honored to be selected to be on the Dean's List every semester since 2023.

Question #2: Why are you interested in being involved with ASI and what do you hope to get out of this opportunity?

Joining ASI was something I've always wanted to do since freshman year. Now, becoming a senior and understanding more about CSUSB and its community, I've never felt more inspired to become someone who gets involved with their fellow students. The Finance Committee lines up perfectly with my major and my future career. Working with ASI and getting real experience with budgeting and financial oversight on an institutional level that coursework can't show me. My goal isn't to only gain experience but to help students. Working a job that is centered on guests' emotional and financial situation has shown me that there is more to business than transactional interactions. In the present, people want to feel heard, and wanting to be that person who allows them to express their voice is in my future, regardless of my position in any committee.

Supplemental Questions

Question #1: Name or describe the qualities that make you a great candidate for the committee you are applying for. Include any relevant experience, previous roles, etc.

I am a strong candidate for the ASI Finance Committee because I bring a combination of real-world financial awareness, leadership experience, and a commitment to serving students. As a Business Administration major, I've developed skills in budgeting, organization, and decision-making that directly support the responsibilities of this committee. I'm detail-oriented, reliable, and comfortable reviewing information, asking questions, and making thoughtful recommendations.

I also have experience working with community programs and student services, which has strengthened my communication skills and my ability to collaborate with diverse groups. I take initiative, stay organized, and always follow through, qualities that help committees function smoothly. Overall, I bring professionalism, accountability, and a genuine interest in improving student resources at CSUSB.

Question #2: Why are you interested in being involved with ASI and what do you hope to get out of this opportunity?

I'm interested in joining ASI because I want to be more involved in the decision-making processes that impact students, especially when it comes to financial planning and resource allocation. I believe students deserve transparency, fairness, and strong representation, and I want to contribute to that work.

Through this opportunity, I hope to gain hands-on experience in financial oversight, budgeting, and committee operations, skills that support my academic and career goals in business. I also want to connect with other student leaders, expand my campus involvement, and contribute to meaningful improvements that benefit the CSUSB community. Being part of ASI is a chance to grow professionally while giving back to the university.
