

Your student guide to Futurenav™ Compass

[Play video]

What is Futurenav Compass?

Futurenav Compass is your personalized career guide, created to help you get a better return on your education investment. Through tailored career planning, durable and hard skills mapping, and job and internship placement — it connects you to real opportunities and gives you a clear plan forward.

How to use Futurenav™ Compass

☐ 1. Find a quiet spot to work

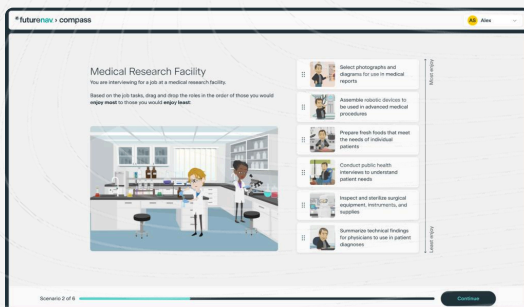

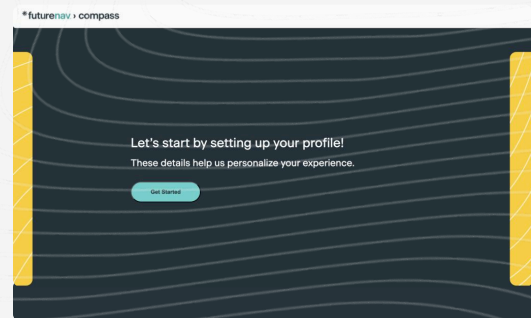

Find a quiet place to focus on your skills assessments and career exploration. Please note: the Futurenav Compass communication assessment records your voice, so a quiet workspace is particularly important for this activity.

☐ 2. Go to the Futurenav Compass website

Visit compass.futurenav.ets.org on a desktop or laptop as this is where Futurenav Compass works best. The platform is not optimized for use on a tablet or mobile.

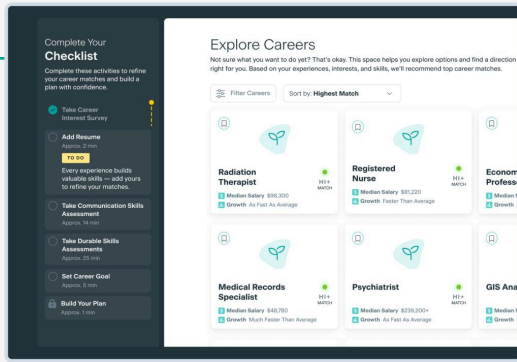

☐ 3. Log in to Futurenav Compass

- Enter your CSU school email address to create an account
- Create a password
- Answer some basic questions to set up your account

☐ 4. Take the career interest survey

Spend 10 minutes answering questions about your skills and interests to unlock personalized career matches.

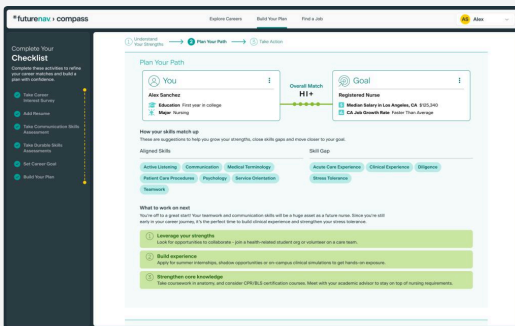

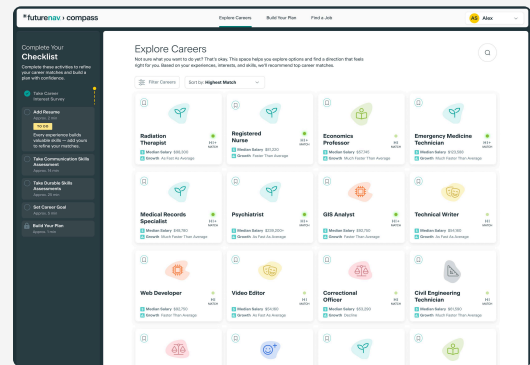

5. Uncover your skills

Upload your resume or experiences to Futurenav Compass and the AI engine will extract your skills from them. You can also take Futurenav Compass assessments to measure your skills — they take just 10-20 minutes each.

6. Explore career opportunities

Dive into careers, internships and job paths that fit your skills and interests, you may discover new careers or options you hadn't considered.

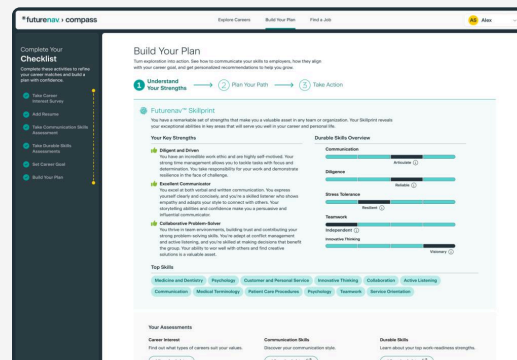

7. Set your action plan

Follow suggestions on skills, courses and experiences to build an actionable career plan and get on track toward your career goals.

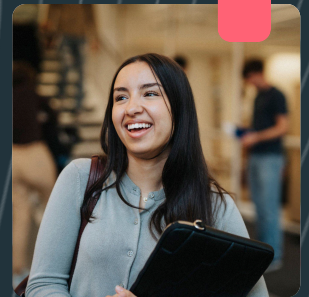

8. Check back often

As you grow and add experiences, Futurenav Compass updates your job matches. We recommend logging in and engaging with your career actions regularly.

Futurenav™ Compass: frequently asked questions

How do I get access to Futurenav Compass?

You'll receive access through your CSU campus. Your advisor, instructor, or career center will let you know when it's available and how to log in.

This semester you'll need to create a password, but in future you'll be able to use your campus single sign on (SSO). Be sure to use your .edu email address when you create your account.

How will Futurenav Compass help me choose a career path?

Futurenav Compass helps you explore careers by matching your experiences, skills and interests with real job data. You'll see career options, the skills they require, and receive guidance on steps to get started.

Will Futurenav Compass recommend careers that are a good fit for my interests & skills?

Yes. Futurenav Compass uses assessments, your resume, and other inputs to build a profile of your strengths. From there, it recommends careers that align closely with who you are and what you're good at.

Can Futurenav Compass help me find internships?

Yes, it connects you to internship opportunities that fit your skills and goals, using real-time labor market data. This feature will launch in 2026.

Will I be able to track my career readiness or skill development?

Definitely. Futurenav Compass creates a Futurenav Skillprint™ that shows your current strengths and areas for grow. As you build new skills, your Futurenav Skillprint will grow and become more detailed.

Can I share my Futurenav Compass results with my family or counselor?

You can share your career matches and Futurenav Skillprint to help your counsellors and advisors better support your goals.

How do I receive support if I need help?

Your advisor, instructor or career center can connect you with the ETS team for support.
