Mr. Barcenas deferred to Ms. Keyner who shared her experience restoring the garden.

Mr. Barcenas deferred to Ms. Yanez-Jacobo who stated that the Coyote Garden has been a resource for students and community members by donating food and incorporating sustainable practices that correlate to the mission of the Department of Environmental Studies and Geography at CSUSB. She explained that she would like ASI to adopt the CSUSB Community Garden as an ASI operational unit since it would allow for more opportunities such as volunteer work. ASI would also serve as a leading factor towards sustainable practices on campus.

Ms. Ayala spoke in favor of this item.

Mr. Barcenas stated that the purpose of this item is to adopt the garden as one of ASI's operational units and this would include the fiscal responsibilities. He stated that our Legal Counsel was not in support of having the CSUSB Community Garden as an ASI operational unit, however, it would be the decision of the students whether or not to adopt the garden.
