Discuss CAAB Charter and Chancellor's Office Executive Order 926

Simpson stated Doyle's recommendation was to step down as CAAB chair and have a new chair appointed. Vice President Gardner is searching for a new CAAB chair.

Discussion included: there are some similarities between CAAB and EO 926; CAAB is advisory and EO 926 is administrative and policy setting; the intent of both is similar; we must comply with the EO; the make up of the committee should comply with the EO.

The recommendation is to combine CAAB and EO 926 into one committee. Jaworski suggested the university's ADA Coordinator serve as chair. Simpson and Doyle will discuss and make the recommendation to Vice President Gardner on behalf of CAAB.

Discuss Ongoing Campus Projects with Accessibility Impact

Jaworski stated detour signage to alternate pathways needs to be posted. Notification to the campus is critical because that serves as the basis for Jaworski's notification to her students. Walde stated Events Scheduling also needs to know.

Projects mentioned were:

- Health Center: addition complete; inside work in process.
- Observatory: Roadway is long. ADA compliant vehicle research is in process. Hope to complete pricing within a week.
- Truncated domes: CPDC project; also striping roads. Sidewalk projects to follow.
- Drinking fountains
- Telephones
- Bursars service counter

- Camphor walkway: hope to have it back filled next week.

Jaworski stated the front counter in Human Resources needs to be renovated.

Review of Action List

The Action List was provided to those present. The list was reviewed and updated. An updated list will be provided to the committee members. Highlights include:
