## **Discount of Previous Grade**

When a student has repeated a class and would like the grade for the current class to replace the first attempt. When a discount of grade is approved, the original course grade on the student's permanent record will be discounted. Only the last grade earned shall apply to the student's cumulative postbaccalaureate grade point average. The first attempt will show on the transcript with the repeat (discount) noted.

**Postbaccalaureate Unclassified Students** who are taking courses that are not part of a graduate degree program and who are not pursuing any degree objective are subject to the same repeat of courses regulations as undergraduates (up to 5 different classes). However, any grade earned that is repeated as an unclassified postbaccalaureate shall not replace the grade in the student's undergraduate record.

**Classified, Conditionally Classified, Classified and Credential Students** may be permitted to repeat one course. The last grade earned shall apply toward the student's cumulative postbaccalaureate grade point average, but shall not replace the grade in the student's undergraduate record.
