

Practice, Practice,
Practice!

It is not all fun and games; the team must practice in order to win.

Simulating scenarios are seriously significant to solidify skills.

CSUSB Forensics Team

FORENSICS TEAM

CALIFORNIA STATE UNIVERSITY, SAN BERNARDINO

What is the Forensics Team?

The CSUSB Forensics team is an intercollegiate speech & debate team that travels locally & nationally to compete against other colleges and universities. The team participates in Parliamentary Debate and Individual Events (IEs).

This "real world" style of argumentation and public speaking will help students maximize abilities to use during and after college. CSUSB students from any major are welcome and can even earn units toward their degree!

The class offered for this activity is Communication Studies 382 (COMM 382) and is scheduled year round. Don't have room in your schedule? Talk with the Forensics Director about a team contract.

Why Join ?

By joining the Forensics Team you are giving yourself the opportunity to grow as a person with a team. It will also provide opportunities to:

- Get out of your comfort zone
- Travel with the team to meet new people
- Boost your resume
- Gain hands on experience in constructing arguments and developing critical thinking skills
- Challenge your worldview by learning diverse ideas and new cultural perspectives
- Represent CSUSB and show your Coyote Pride!
