

Addition of Degree Concentration CSUSB Bachelor of Music Degree

Introduction

CSUSB's Department of Music proposes the addition of a Concentration in Music Education to its existing Bachelor of Music program. Simultaneously with this request, the department is requesting a clarifying change in the degree program's title from "Bachelor of Music in Performance" to just "Bachelor of Music". A separate document attached with this proposal supports the degree name change. The exact title of the proposed CSU "subprogram", including the revised degree title, will be "Bachelor of Music with a Concentration in Music Education".

List of course and units for the degree core new concentration

The following list of courses and units includes a core set of music courses common to all concentrations in the Bachelor of Music degree and those courses specific to the proposed new concentration in Music Education. While the core coursework is awaiting CSUSB and Chancellor's Office approval as part of the quarter-to-semester conversion process, it's very similar the existing quarter-unit core.
