

September 2018 Offerings

We are pleased to announce the launch of the Risk & Safety Solutions Academy, a multi-faceted approach that provides users with access to in-person and online training for RSS products. Our upcoming schedule provides multiple training opportunities in a variety of settings to meet the needs of all levels of EH&S staff.

Who Should Attend?

EH&S professionals who will be responsible for the administration of these products for their campus, EH&S staff who will provide training for faculty, staff and students for Chemicals and Assessment, and safety inspectors.

Risk & Safety Solutions Academy In-Person Training

All day in-person trainings will be held in Davis for Profile/Assessment, Chemicals and Inspect. Trainings include full system demonstrations as well as hands-on exercises to reinforce learning. Participants will work with RSS product specialists and will receive a tour of the RSS software development headquarters.

In-Person Training
