Background Check Flow Chart for Student Assistants

**Do Student Assistants need to complete a background check?**

Student Assistants are required to complete a background check if they meet the following criteria:
- On a regular basis, they will have access to, or control over amounts greater than $10,000 in cash, checks, credit cards, and/or credit card account information and/or
  - They will have access to **Level 1 data** and/or
  - A background check is required by law

**How do I know if Student Assistants will be employed in a position in which a background check is required by law?**

Each hiring department is responsible for determining whether their Student Assistants will be in a position in which a background check is required by law. Positions in which a background check is currently required by law include, but is not limited to the following:
- positions with regular, direct contact with minors, and/or
- access to stored criminal offender record information and/or
- access to patients, drugs or medication

**Rehire Exception:** Any former employee who is re-appointed to a CSU position without a break in service of twelve (12) months or more, will not be subject to the background check requirements appropriation to the new position. However, if a student employee is re-hired and his/her job duties have changed, it is necessary to determine if a background check is required by law in the new position. If it is determined that they are employed in a position that a background check is required by law, a background check will need to be cleared before the student may begin working.

**Background Check Process:**

1. **Hiring department determines if student(s) will be employed in a position in which a background check is required by law.**
   *Please confirm this with the Compliance Coordinator*

**Background Check is Required**

The requestor listed on the form will be notified via email when the background check request(s) have been submitted for the student(s).

*Please note that this may require the student to fill out additional HR forms*

**Accurate Background Inc. and/or the University Police Department will conduct the background check(s) and the results will be provided to the Compliance Coordinator.**

&Approximate turn around time for results is estimated to take up to 14 business days.
